Kailua Beach Park

Meet at the Kailua
Canoe Club Hale
9am-11am

Contact Todd
277-5611

This important event invites residents to monitor the quality of water at their local beaches, streams and other water resources. An easy-to-use test kit will enable everyone regardless of age or experience to sample for a core set of water quality parameters including temperature, pH, turbidity and dissolved oxygen. The results are compiled and shared with participating communities around the globe through the World Water Monitoring Day Web site.

**For more information or to become a volunteer
call 381-7202 or visit www.huihawaii.org**
